```
Administrator: Wondershare Software Universal Patch
=====
||      Wondershare Software Universal Patch      ||
||      crack or restore many programs           ||
||                                               ||
||              batch by 1n0n1m0s              ||
||              may 2013                        ||
||                                               ||
=====

The file to patch is main program, e.g. VideoEditor.exe.
Flash Gallery Factory note: need only enter FGF.exe.
Quiz Creator note: need only enter QuizCreator.exe.
Quiz Creator is compressed upx and may take 20 seconds to patch.
Application Center: start registry entry changed to no auto start.
To view this introduction message again type intro.
To view the program cracking compatibility list enter programs.
To view the xvi32 script byte patterns type patches.
If no more files to patch press enter to exit.
It takes a few seconds to search tasks, services and directories.

Type the name of the file to patch, include extension: _
```
